

FLORIAN BRANDL QUARTET

REJUVENATION

REJUVENATION – Most of the compositions on Rejuvenation are by Florian Brandl and the title acts as a musical idea; the four musicians play a music with its own distinctive sound—youthful, fresh and stimulating. Influences from hard bop, mainstream, and modern jazz flow into a distinctive group sound that allows lots of room for interaction between the musicians who love to play together.

FLORIAN BRANDL

Born 1979 in Munich, Florian Brandl is a multifaceted player with a distinctive sound and feels at home with a wide variety of styles. Among others he played with Sam Rivers, Don Byron, Franco d'Andrea, Johannes Enders, Gábor Bolla and Dusko Gojkovic.
